I signed the SNUR, however, I note:

P-16-0417:

The Chemistry & HLTH Reports show a CASRN, Ex. 5 Deliberative Process (DP) ...does this mean it is claimed CBI??
I don't see that: Ex. 5 Deliberative Process (DP)

Please see below for where things stand with CCD. See CBI side for an email with links to the folders containing the electronic files. I'm told that RAD has provided their update on the CBI side and we'll explore future coordination/consolidation. I also attached our projected final list of June completions that we'll update Monday as needed.

Thanks,

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP) We anticipate that the engineering, exposure, ecotox and human health

reports will need to be revised, so it won't be possible to get all of this done and adequately reviewed today.

- P-17-0347-0352. CCD reviewing support docs and preparing the RS/DD accordingly, which may require inclusion of some or all cases in the next **Ex. 5 Deliberative Process (DP)**.
- The July list of cases will be prioritized in the following order: FY19 cases, then SNUR-based cases, then hair-on-fire cases, then >original day 90 cases closest to completion
